Maximize Comfort. Reduce Shear.

GEO-MATRIX HEADRESTS

In our continual search for product improvement, Blake Medical has now perfected the Headrest.

Geo-Matrix gel has been combined with memory foam to provide the ultimate comfort and protection.

Reduces Pressure & Shear

The Geo-Matrix headrest line is the only headrest that not only reduces pressure but also reduces shear. When the head moves across a flat surface like a traditional headrest it creates shear.

With the advantage of segmented dry polymer Geo-Matrix gel the reactionary force is greatly reduced, which reduces shear.

3 Standard Sizes

3 standard shapes to fit every client perfectly:

Sweetspot
11.5" x 8"
with a 6" curve

Flat
10.5" x 8"

Curve
11" x 6"

Easy To Use

Each Geo-Matrix headrest has an ultra stretchy removable cover.

CUSTOMIZE YOUR FIT

Blake Medical will be happy to make a custom Geo-Matrix pad for any existing headrest that needs added protection from pressure and shear.
